

THE MOVE TO MEDICARE PROGRAM FROM ANTHEM

As we recognize and work through how we are all affected by the COVID-19 outbreak, we understand that many aspects of our lives are on hold, including important milestones. During this time, we want to make sure that those who are approaching retirement have the resources they need to make the best decisions. One of the ways we can help is with our Move to Medicare program.

Move to Medicare offers a series of free educational resources to help members understand Medicare and their Anthem plan choices. The program gives members an opportunity to learn in an environment that's comfortable for them, with no pressure or obligation. There's no cost, no contract and little or no effort on the part of the employer.
